

AWARE SENIOR CARE NURSING SERVICES

- ❖ Is your loved one unable to safely manage medications?
- ❖ Are family members exhausted from managing a loved one's medications?
- ❖ Is a loved one's discharge from the hospital or rehab dependent on skilled Nursing services that are beyond the scope of Home Health?
- ❖ Is Home Health ending their service and your loved one continues to need skilled Nursing services?

If you are facing any of these challenges, *Aware Senior Care* Nursing Services is here to support you, including coordinating our services with your Home Health team. We provide skilled Nursing services when clients or their loved ones are unable or unwilling to do so, allowing your loved one to get home sooner and providing you with peace of mind.
